

**LECTURES ON PARTIAL IDENTIFICATION**  
University of Stavanger, August 30–September 3, 2010

Charles F. Manski  
Department of Economics, Northwestern University

August 30. Lectures 1 and 2: Prediction with Incomplete Data

August 31. Lectures 3 and 4: Analysis of Treatment Response

September 1. Lectures 5 and 6: Planning under Ambiguity

September 2.

Lecture 7: Partial Identification of Counterfactual Choice Probabilities

Lecture 8: Rounding Probabilistic Expectations in Surveys

September 3. Lectures 9 and 10: Identification of Treatment Response with Social Interactions

*Text Source: Manski, C. (2007), Identification for Prediction and Decision, Harvard University Press (IPD).*

### Sources by Lecture

Lectures 1 and 2: IPD Chapters 1 through 4

Lectures 3 and 4: IPD Chapters 7 through 10

Lectures 5 and 6: IPD Chapter 11

Manski, C. (2009), “Diversified Treatment under Ambiguity,” *International Economic Review*, 50, 1013-1041.

Manski C. (2010), “Vaccination with Partial Knowledge of External Effectiveness,” *Proceedings of the National Academy of Sciences*, 107, 3953-3960

Lecture 7: IPD Chapter 13

Manski, C. (2007), “Partial Identification of Counterfactual Choice Probabilities,” *International Economic Review*, 48, 1393-1410.

Lecture 8

Manski, C. and F. Molinari (2010), “Rounding Probabilistic Expectations in Surveys,” *Journal of Business and Economic Statistics*, 28, 219-231.

Lectures 9 and 10
